INDEPENDENT AUDITOR'S REPORT

Board of Directors
Santa Barbara Rescue Mission
Santa Barbara, California

Report on the Financial Statements

We have audited the accompanying consolidated financial statements of Santa Barbara Rescue Mission (a non-profit organization) and affiliated organization, which comprise the consolidated statement of financial position as of September 30, 2020, and the related consolidated statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Santa Barbara Rescue Mission as of September 30, 2020, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying supplemental statement of financial position and statement of activities and changes in net assets are presented for the purpose of additional analysis and are not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

Report on Summarized Comparative Information

We have previously audited Santa Barbara Rescue Mission's September 30, 2019, financial statements, and we expressed an unmodified audit opinion on those statements in our report dated February 27, 2020. In our opinion, the summarized comparative information presented herein as of and for the year ended September 30, 2019, is consistent, in all material respects, with the audited financial statements from which it has been derived.

SANTA BARBARA RESCUE MISSION

NOTES TO FINANCIAL STATEMENTS

NOTE 1: ORGANIZATION

The Santa Barbara Rescue Mission (SBRM) is a Christian nonprofit corporation that has operated in Santa Barbara since 1965. SBRM's primary purpose is to provide a state-licensed recovery program for men and women who are addicted to drugs and alcohol. A second purpose is to provide emergency services such as food, clothing and shelter to the homeless. A significant portion of the funding for SBRM is provided by contributions from the general public. These contributions vary in amount from year to year. SBRM also receives bequests which can be significant.

In March 2019, SBRM entered into a New Market Tax Credit (NMTC) transaction, as outlined in Internal Revenue Code (IRC) Section 45D, to help finance the construction of its new SBRM building. SBRM Support Corporation (Support Corporation) was formed in January 2019, under the laws of California in order to meet the necessary structuring requirements to qualify for the NMTC transaction. The Support Corporation holds the property to be leased back to SBRM for the sole purpose of operations and furthering its mission to aid the homeless. See Note 11 for a further discussion of the NMTC financing. The Support Corporation's revenue and net assets are summarized in the supplemental schedules.

The Mission and the Support Corporation are affiliated nonprofit organizations by virtue of the fact that they share a common board of directors. Therefore, the accompanying financial statements of these affiliated organization are presented on a consolidated basis.

Program Services

SBRM has four primary programs:

- Men's Recovery Program

The state-licensed Men's Recovery Program is a voluntary, one-year, residential program for male alcoholics and drug abusers that offers counseling, spiritual guidance, education and career development classes, recovery meetings and relapse prevention therapy. This program may not be voluntary for court ordered participants. Assistance in finding employment is provided upon completion of the program.

- Women's Recovery Program

Bethel House is a home for women in a voluntary one-year, state licensed residential drug and alcohol recovery program. The program offers counseling, spiritual guidance, education and career development classes, recovery meetings and relapse prevention therapy. Assistance in finding employment is provided upon completion of the program.

Program Services (continued)

- Homeless Guest Services

SBRM provides emergency services for the community's homeless men, women and children by offering hot nourishing meals, a safe place to stay, clean clothes, showers, temporary storage, as well as spiritual nourishment and Christian love.

- Learning Center

The Learning Center is an integral component of the overall recovery program. It offers to participants educational and career development classes in the areas of computer training, literacy and math, and job acquisition skills under the guidance of a professional learning specialist.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been presented on an accrual basis of accounting and, accordingly, reflect all significant receivables, payables, and other liabilities.

Description of Net Assets

SBRM reports information regarding its financial position and activities in two classes of net assets - with donor restrictions and without donor restrictions - based on the existence or absence of donor-imposed restrictions.

Without Donor Restrictions

Net assets without donor restrictions represent net assets that are not subject to donor-imposed time or use restrictions. Net assets without donor restrictions include board designated funds.

With Donor Restrictions

Net assets with donor restrictions represent net assets that are subject to donor-imposed time or use restrictions. Net assets with donor restrictions generally include contributions and bequests receivable and planned gifts. Earnings on net assets with donor restrictions are reported as an increase in net assets with donor restrictions. Earnings on donor-restricted endowment funds that have not yet been appropriated are also classified as net assets with donor restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the Statement of Activities as "Net assets released from restrictions".

SANTA BARBARA RESCUE MISSION

NOTES TO FINANCIAL STATEMENTS

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

With Donor Restrictions (continued)

Net assets with donor restrictions include perpetual income trusts for which the related income is reported as contributions without donor restrictions when received on the Statement of Activities. The change in value of the underlying assets is recorded as an unrealized gain or loss in net assets with donor restrictions on the Statement of Activities. Net assets with donor restrictions also consist of those donor-restricted endowments held by SBRM as defined under the Uniform Prudent Management of Institutional Funds Act (UPMIFA).

Principles of Consolidation

The consolidated financial statements include the accounts of SBRM and the Support Corporation (collectively, the Mission). All material related party transactions have been eliminated in consolidation.

Cash and Cash Equivalents

Cash and equivalents consist of cash on hand and highly liquid investments with an original or remaining maturity of three months or less.

Restricted Cash

Restricted cash represents cash received from donors restricted to use for a long-lived asset.

Pledges Receivable

When a donor has unconditionally promised to contribute funds to the Mission in future periods, the Mission recognizes a pledge receivable. Pledges expected to be collected within one year are recorded as support and a receivable at net realizable value. Pledges expected to be collected in future years are recorded as support and a receivable at the present value of expected future cash flows. Discounts on those amounts are computed using interest rates applicable to the years in which the promises are received. Amortization of discounts is included in contribution revenue. Conditional promises to give are not included as support until the conditions are substantially met. A provision for doubtful pledges receivable has not been established as management considers all accounts to be collectible based on favorable history over a substantial period of time.

Investment

As explained more fully in Note 6, the Mission's investment in an equity-share arrangement is reported at estimated current market value. Unrealized gains and losses are included in the change in net assets in the accompanying Statement of Activities.

SANTA BARBARA RESCUE MISSION

NOTES TO FINANCIAL STATEMENTS

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Land, Buildings and Equipment

Land, buildings and equipment are recorded at cost or, if donated, at estimated fair market value at the date of gift. The Mission's policy is to capitalize individual assets which cost more than \$1,000 and have a useful life of greater than one year. Depreciation on these assets, except for land and construction-in-progress, is provided on a straight-line basis over their estimated useful lives, which range from 3-40 years. The Mission has self-constructed two of the buildings it now occupies.

Debt Issuance Costs

Debt issuance costs are reported on the statement of financial position as a direct deduction from the face amount of debt. Amortization of debt issuance costs is reflected as interest expense on the statement of activities.

Fair Value of Financial Instruments

The carrying amount of financial instruments including cash, prepaid expenses and other assets, accounts payable and accrued expenses approximated fair value as of September 30, 2020, because of the short-term nature of these items. The carrying value of both the current and non-current note payable approximates fair value as of September 30, 2020, based on the current borrowing rates for loans with similar maturities.

Deferred Revenue

Deferred revenue consists of funds received in advance for certain events. Once the Mission fulfills its obligation, the Mission will recognize the revenue.

Tax Exempt Status

SBRM and the Support Corporation are nonprofit public benefit corporations, which are exempt from income taxes under Internal Revenue Code 501(c)(3) and State of California Revenue and Taxation Code Section 23701 (d); therefore, no provision for income taxes is required. SBRM and the Support Corporation qualify for the charitable contribution deduction under Section 170 (b)(1)(A) and have been classified as organizations that are not private foundations under Section 509(a)(1).

The Mission evaluates uncertain tax positions, where by the effect of the uncertainty would be recorded if the outcome was considered probable and reasonably estimable. As of September 30, 2020, the Mission had no uncertain tax positions requiring accrual. SBRM and the Support Corporation file tax returns in California and U.S. federal jurisdictions. SBRM and the Support Corporation are no longer subject to U.S. federal and state examinations by tax authorities for years ending before September 30, 2016 and 2015, respectively.

The financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with U.S. GAAP. Accordingly, such information should be read in conjunction with the Mission's financial statements for the year ended September 30, 2019, from which the summarized information was derived.

Gifts-in-Kind

The Mission receives contributions of substantial amounts of food, clothing, equipment, miscellaneous supplies and professional services which are used in the operation of Mission programs. These contributions are reported in the financial statements as both support and as program expense. The values reported for in-kind donations are determined by using fair market values of comparable goods. The Mission also receives the support of numerous non-professional volunteers. However, no amounts have been reported for these services as they do not meet the criteria set forth under accounting principles generally accepted in the United States of America (U.S. GAAP) for nonprofit organizations.

Functional Expenses

The costs of providing various programs have been summarized by function in the Statement of Functional Expenses. Direct costs are charged directly to the appropriate program. Other costs are allocated based upon direct costs, occupancy and time spent as appropriate. The allocation is based upon current data.

Use of Estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities and the reported revenues and expenses. Estimates and assumptions include, but are not limited to:

- Net realizable value of pledges receivable and allowance for uncollectible pledges
- Useful lives of capitalized assets
- Functional expense allocation
- Value of in-kind contributions received
- Value of contributions to others
- Fair market value of property held as investment

It is at least reasonably possible that the estimates used will change within the next year.

SANTA BARBARA RESCUE MISSION

NOTES TO FINANCIAL STATEMENTS

NOTE 6: INVESTMENT

During 2007, the Mission entered into an equity-share arrangement with the Mission's Executive Director to purchase a home in the Santa Barbara County area. Under the agreement, the Mission contributed \$520,000 towards the purchase of the home and retained pro rata equity in the property (see Note 20). The Mission will transfer portions of its share of any appreciation on the property to the Executive Director according to a vesting schedule laid out in the agreement, beginning in the year the property shows appreciation. The equity share percentages will also be adjusted for improvements made to the property by the Executive Director. During the year ending September 30, 2014, the equity ownership percentages were adjusted to reflect improvements made to the property by the Executive Director. During the current year, the Executive Director made a payment of \$270,000 to increase his equity share of the home. At September 30, 2020, the Mission's equity ownership in the house was 27.983% and has reported its share of the equity in the investment at \$299,559.

NOTE 7: PERPETUAL INCOME TRUST INTEREST

The Mission is named as an income beneficiary of a perpetual trust, the corpus of which is not controlled by management of the Mission. Under this arrangement, the Association has the irrevocable right to receive annual distributions of income. Distributions from the trust for the year ended September 30, 2020, totaled \$7,347. The Mission is a beneficiary of this stream of income into perpetuity and therefore the value of the underlying assets held by the trustee are recorded as an asset with donor restrictions as of September 30, 2020. The change in the value of the underlying assets held by the trustee is recorded annually as an increase or decrease in value of interest in the perpetual income trust.

NOTE 8: ASSETS MEASURED AT FAIR VALUE ON A RECURRING BASIS

The Mission categorizes its investments according to the fair value hierarchy as either: Level 1, based on observable inputs that are derived from quoted prices (unadjusted) for identical assets or liabilities in an active market; Level 2, based on quoted prices in non-active markets or in active markets for similar assets or liabilities, inputs other than quoted prices that are observable, and inputs that are not directly observable, but are corroborated by external market data; or Level 3, based on unobservable inputs, which cannot be corroborated by external market data. As of September 30, 2020, the equity share investment arrangement with the Mission's Executive Director (see Note 6) was considered a Level 2 investment. The fair market value of the equity share investment is based on comparable market sales.

NOTE 11: NEW MARKET TAX CREDIT FINANCING

In March 2019, the Mission entered into a New Market Tax Credit (NMTC) transaction to help finance the construction of the new building.

The NMTC Program was designed to stimulate investment and economic growth in low income communities by offering a seven-year, 39% federal tax credit for Qualified Equity Investments (QEI) made through investment vehicles known as Community Development Entities (CDE). CDE's use capital derived from tax credits to make loans to or investments in businesses and projects in low-income areas.

To earn the tax credit, the QEI must remain invested in the CDE for a seven-year period ending in March 2026. The Mission and Chase Community Equity, LLC, have entered into a put/call option agreement to take place at the end of the seven-year period. Under the agreement, Chase Community Equity, LLC, can exercise a put option to sell all interest in the QEI for \$1,000 to the Mission. If the put option is not exercised, the Mission can exercise a call option to purchase the interest of the QEI at its then fair market value.

NOTE 12: INTER-FUND BORROWING

In 2007, the Mission authorized the borrowing of \$520,000 from its endowment fund and secured an investment in a second deed of trust. The Mission will repay its endowment fund upon the close of sale or other termination of its current investment.

NOTE 13: RENTAL INCOME

The Mission leases space to a wireless company in which it has installed and is operating a wireless tower. The lease is on a quarter to quarter basis with annual increases. Rental income received was \$24,933 for the year ended September 30, 2020.

NOTE 14: NON-CASH CONTRIBUTIONS

Total	<u>\$ 192,908</u>

Any unused items are donated to other nonprofit organizations, and have been recorded as donations in the amount of \$12,918 for the year ended September 30, 2020.

NOTE 15: CONCENTRATION OF CREDIT RISK

At September 30, 2020, the Federal Deposit Insurance Corporation (FDIC) insured only the first \$250,000 on deposit at any one financial institution. During the current year, the Mission has had at various times more than \$250,000 on deposit with one financial institution. The Mission had approximately \$1,097,000 in excess of the federally insured deposit limit at September 30, 2020.

NOTE 16: COMMITMENTS, CONTINGENCIES, AND RISK

As indicated in Note 11, the Support Corporation received NMTC funds to assist with financing the construction of the new building. As a part of the agreements, the Mission must maintain status as a qualified active low-income community business, as defined in IRC Section 45D. The Mission entered into an indemnification agreement with JPMorgan Chase Bank, in the event a NMTC recapture event occurs due to violation or disallowance. If such an event occurs, the Mission is liable to compensate JPMorgan Chase Bank up to the full amount of the recapture and/or lost credits, including penalties and interest. In the opinion of the Mission, no such disallowance or recapture event has occurred.

SANTA BARBARA RESCUE MISSION

NOTES TO FINANCIAL STATEMENTS

NOTE 17: EMPLOYEE BENEFIT PLAN

The Mission offers all its employees the benefits of a tax-sheltered annuity plan as described in Section 403(b) of the Internal Revenue Code. The Mission can make discretionary contributions for those who have completed one year of continuous employment. The annual contribution is generally a percentage of the employee's salary. The Mission contributed \$32,878 to the plan for the year ended September 30, 2020.

NOTE 18: DONOR RESTRICTED ENDOWMENTS

Santa Barbara Rescue Mission's endowment consists of funds with donor restrictions. As required by U.S. GAAP, net assets associated with endowment funds, including funds designated by the Board of Directors to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

The Board of Directors of the Mission has interpreted the State Prudent Management of Institutional Funds Act (SPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary.

As a result of this interpretation, the Mission classifies as net assets with donor restrictions (a) the original value of gifts donated to the endowment, (b) the original value of subsequent gifts to the endowment, and (c) accumulations to the endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund.

A portion of the endowment fund with donor restrictions may be appropriated for expenditure by the Mission in a manner consistent with the standard of prudence prescribed by SPMIFA. In accordance with SPMIFA, the Mission considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds: (1) the duration and preservation of the various funds, (2) the purposes of the endowment funds with donor restrictions, (3) general economic conditions, (4) the possible effect of inflation and deflation, (5) the expected total return from income and the appreciation of investments, (6) other resources of the Mission, and (7) the Mission's investment policies.

Investment Return Objectives, Risk Parameters and Strategies

The Mission has adopted investment and spending policies for the endowment assets and these policies have been approved by the Board of Directors. The Board has decided to invest funds with donor restrictions in residential real estate in the Santa Barbara area. In 2007, the Mission entered into an equity-share agreement with the Mission's Executive Director. The Mission invested \$520,000 for 54.7% ownership of a residential property. All market appreciation and depreciation are split proportionally based on ownership. As an incentive for continued employment, the Executive Director will get an increasing percentage interest in any appreciation on the investment beginning in August 2010, or upon funding any improvements (see Note 6).

The loan may be fully forgiven if the funds are used for payroll costs, rent and utilities and at least 60% of the forgiven amount must be used for payroll. Loan payments will also be deferred for six months. No collateral or personal guarantees were required.

Forgiveness will be based on maintaining or quickly rehiring employees and maintaining salary levels. Forgiveness will be reduced if full-time headcount declines, or if salaries and wages decrease.
